 you. Give us hearts a - new.____ 2. We're un
 you; It's all that we can do.____

3. We are longing for connection, we don't know where to go.

There are people around us but we still feel alone.

We need direction, teach us how to give;

Our careless words, our selfish deeds, it's so hard to forgive;

Teach us how to live.

4. We come aching to the cross now, in the hope of your breath.

We are broken, we're naked, and we reach out from death.

No deals are offered, no price that we can pay.

You make your life the only price; you change the terms of play.

Come bring us peace this day.
